

PREAMBLE

All praises to Almighty Allah who blessed us with the service of the Madrasas, the greatest conservators and saviors of IMAN and ISLAM, Who bestowed upon us 'HIDAYAH' to enlighten our lives and progress in the ever admired path of righteousness. Since the time of the prophet Hazrat Muhammad (pbuh) 'Ashab-e-Suffah' has been originated to conserve and spread ISLAM. It is well known to the historians and chronicle writers that 1200 Ah corresponding 1800 CE was the period of degradation of Muslim political power in India as well as the Muslim society. During that period Muslims, in general had become disheartened. At this hour of desperation and nihilism, a multidimensional personality had dawned from Indian horizon. He was none other than 'Hazrat Shah Waliullah Mahaddis-e-Dehlavi', who was well equipped with unparalleled knowledge, gifted experience and Charismatic brilliance of moral values and Herculean will power. He elucidated the cause of overall downfall of the Muslims in India. As per the analysis, the political downfall was due to economic disorder and religious as well as behavioral downfall was due to the

deaf ear turned by the Muslims towards the religious teachings. This towering personality started a mission to eradicate the causes of this downfall.

He was then replaced by his able and worthy Shabzada Hazrat Shah Abdul Aziz (rh) who devoted his whole life and sacrificed his own self for the cause of upbringing and activating the mission set to motion by his reverend father. Due to his selfless devotion and unceasing toil and efforts the plant his father planted was grown into a Mega tree and the fruits of which have appeared all over India as **Madaris-e-Qaumiya**.

They have been established to conserve and preserve Islam and to spread its ideology with Islamic science and knowledge throughout the world to produce such persons who could combat the misconceptions and misinterpretations spread against Islam and the madrasas and eradicate the forces hostile to Islam and could ably handle the bridge with the leadership of the nation. Hence to achieve these aims & objectives the below said **Board** was constituted.

INTRODUCTION

Assam is the state with second largest Muslim population in India. It has a web of Islamic seminaries in some parts of the state which came into existence by the efforts made by scholars and philanthropists. Their aims and objectives are not only to set up madrasas but also to see how the various segments of the system education, teachers' training and administrative work can be streamlined and upgraded. Despite unceasing efforts, the expected results are not forthcoming. Foreseeing the need to harmonise the works of the various madrasas and makatibs, **a board for Madaris-e-Islamiya was set up in 1955** as a unitary movement to be used to safeguard Islamic values and traditions. Some of its main aims were also to bring

unanimity in achieving its goals such as to wrestle with mischief and storms which rise from time to time against Islam, to give a calibrated response to day-to-day challenges and to encourage the madrasas to work with mutual cooperation. Initially its activities were confined to southern parts of Nagaon. Slowly its benefits and effects seemed to be widened.

Hence in **1982** it was extended and renamed as **All Assam Tanzim Madaris-e-Qaumiya Board (Branch of Rabita Madaris Islamia Arabia, Darul Uloom Deoband)** on the insistence by some members. A substantial number of madrasas have harmonised their working with the rules and regulations and policies of the board.

By the grace of Allah the board has geared itself to work in the light of following aims and objectives.

1. To conserve and preserve Islam and to spread its ideology to the far ends of the world as possible enrich the children with Islamic science and knowledge.
2. To provide an up-to-date syllabus as required today and to implement them in madrasas.
3. To hold competitive programmes on different topics to enhance the creative bent of students and to motivate them.
4. To train the fresh Islamic graduates in writing and translation skills, as national and international, and to equip them with necessary sophisticated equipment like computer etc.
5. To combat the misconceptions and misinterpretations spread against Islam and madrasas.
6. To conduct combined exams for academic progress in madrasas.
7. To create a peaceful environment through Madaris and its teachings in each & every corner of the entire globe.

Academic Activities and Programmes

(1) Academic Inspection (2) Teacher Training {primary and secondary education} (3) Upgrading Teacher Skills (4) Scholarship Exam (5) Academic tour (6) Hazrat Shaikh Ahmad Ali Competitive Exam for eligibility growth (7) Hazrat Shaikhul Islam Tashih-e-Qur'an project (e.g. correcting pronunciation and accent as well as phonetics while reading the Qur'an) (8) Competitive exam for glorious Qur'an (9) Interpretation Training Centre (10) Reawakening (Renovation) of Madrasas (11) Undertaking Religious Regulations (12) Departments of Researching and Analyzing (13) Meetings and Talks (14) Future Plans

(1) Academic Inspection

The seminaries which come under the Board are inspected by its ulama to improve academic standards and streamline plans

to improve administrative affairs of the madrasas.

(2) Teachers' Training Centre for primary and secondary education

Tanzim Madaris-e-Qaumiya looks after the training centres every year to equip teachers with improved knowledge. It benefits them a great deal as the teaching is carried out by closely monitoring the psychological and emotional state of the students. And therefore it helps madrasas to obtain their cherished aims.

(3) Upgrading Teacher Skills

When teachers go back to their madrasas after a training programme, they very soon lose their effectiveness. Therefore, the workers of Tanzim visit the madrasas to check on the teaching skills of those who attended training camps to spur them and to make their method of teaching more useful. So they give students demonstrations of effective classroom teaching under the guidance of trained teachers. And both the students and teachers become directly benefited.

(4) Scholarship Examination

To motivate and encourage students and to evaluate the standards of education, classes have been selected for the scholarship exams every year among the madrasas covered by Tanzim. Short listed students are rewarded and encouraged with scholarships and awards along with testimonials on their ability.

(5) Academic Tour

The executive members of the board from time to time visit the madrasas under Tanzim Board every year to take a stock of their internal situation. Whenever he finds any fault, he holds discussion with teachers and responsible officials to iron out

the problems.

(6) **Hazrat Shaikh Ahmad Ali Competitive Exam for Eligibility Growth**

It is an acknowledged fact that self-study is essential for the acquisition of knowledge in one's life. Particularly, if the students could not grasp the finer points of knowledge such as SARF and NAHU initially, they cannot rise to a higher level of proficiency. That is why Tanzim Madaris-e-Qaumiya regularly organises programmes on the topics of SARF and NAHU to hone the skills of students.

(7) **Hazrat Shaikhul Islam Tashih-e-Qur'an Project (e.g. correcting pronunciation & accent as well as phonetics while reading the Qur'an)**

It is an accepted fact that the glorious Qur'an is the fountain-head of all Islamic science and teachings. Hence recitation of the Qur'an correctly and to understand its meanings and explanations and to cleanse human's spirit through its guidance are among the main aims of Madaris-e-Qaumiya. But it is a sorry fact that a sizeable number of graduates from madrasas cannot recite Qur'an perfectly. Therefore this project was initiated so that graduates from madrasas pronounce and understand the meaning of the Qur'an in a better way.

(8) **Competitive examination for Glorious Qur'an**

The All Assam Tanzim Madaris-e-Qaumiya regularly organizes this competitive exam to instigate the students of Madaris run by the Board correcting recitation of the glorious Qur'an and to hone the skills of phonetics as well, to inculcate the actual spirit of Arabic accent among students. This is the only reason Assam has its own merit in All India Competitive exam of glorious Qur'an, and yet Alhamdulillah two students have got first position. By Allah's grace such com-

petitive exams caused a big revolution in Assam in contrary to the past.

(9) **Interpretation Training Centre**

There is a sinister attempt by some anti-Islamic elements to misrepresent Islam and its teachings. Such attempts snare not only the simple-minded folk, but also the educated ones. Such kinds of books are published regularly in Assamese. To counter this trend, there was felt a need to promote a body of ulama who would translate articles and pamphlets in regional languages as well as in well known languages to clear the cobwebs from the minds of mass people and guide them to the right path.

(10) **Reawakening (Renovation) of Madrasas**

As it is known, that Tanzim Madaris-e-Qaumiya always strives by every means for the betterment of Islamic education. Towards this end, the institution conducts a movement titled "Reawakening Madrasas" to revive such Islamic institutions which have reached a state of decline. After analyzing the causes the Tanzim undertakes efforts to revive them at all levels, and by the grace of Allah the movement brings new life to some madrasas. May Allah continue these efforts forever.

(11) **Tahaffuz-e-Shariat (Undertaking Religious Regulations)**

The majority of Muslims generally settle down in the char areas and they are very backward academically and financially. The population of the Muslim community in lower Assam is much higher than the upper Assam and that is why a large number of people of these areas do agree to do any menial and inferior work for their livelihood. A few organisations that have senator motives always interested in ensnaring these simple people easily, consequently ill-fated people are in the grip of evil forces. Occasionally, the Officials of Tanzim pay visit to these areas

people of these areas do agree to do any menial and inferior work for their livelihood. A few organisations that have senator motives always interested in ensnaring these simple people easily, consequently ill-fated people are in the grip of evil forces. Occasionally, the Officials of Tanzim pay visit to these areas and meet the local Scholars, Ulamas, and Intellectuals and organized such programmes. Alhamdulillah, now it is silver lining that un-advancement, ignorance, poverty and superstitions which have eroded their vitality are on the decline gradually.

(12) Islamic Studies and Research Centre

Islam is a universal and eternal religion and it is a processor and path finder for the whole mankind. Islam brings the mankind closer under one umbrella to promote eternity and humanity as well as it rejects crimes and hostility forever. The Holy Qur'an is the most secret script of the whole universe, which solves innumerable human problems of any kind and pays salvation and mental solution. It is a matter of immense regret and sore to say that despite many scholars are not in a position at this hour to solve the manifold intricate human and social burning problems, though the Holy Qur'an has displayed clearly the eternal solutions of problems of the human society. At the mean time there is a good number of Qur'anic Research Centres at home and abroad but again regret to say that there is no such an Islamic Research Centre in Assam till now. It is a general view of the masses that if the Tanzim intense and come forward the existence of such a Research Centre will not be a problem at all. It is the matter of happiness and pleasure to note that starting of such a centre has been decided by the Executive Body and will

soon try to be started from the next Academic Year.

(13) Meetings and Talks

Below mentioned 10 various meetings and talks were held by All Assam Tanzim Madaris Qaumiya in the last period, such as:-
(A) Executive Body - 1 (B) Examination - 3 (C) Talks - 3
(D) Qur'an Recitation Competition - 3

(14) Future Plans

As the Office of Tanzim Madaris Qaumiya is a center of Education and that is why various kinds of religious and general books are needed for it. There was a small Library named Shah Waliullah Darul Mutala. The Executive Committee already took a decision to improve it into a Model Library. But due to non existence of convenience building house the required books were not purchased. A newly constituted room selected for the Library, which has 25x20 feet, and now rearranging of it in a large manner and purchasing of books have been started. A plan has been also chalked out to start a Computer Training Centre in front of the Office premises. In addition to a scheme has been also taken to plant the Valuable Trees in front of the Office Premises. Construction of a beautiful Gate is also under consideration of the Executive Body. So we need public Co-operation and Blessings in this regard.

With best completments from
Maulana Badruddin Ajmal Al-Qasmi
President, All Assam Tanzim Madaris Qaumiya
Nilbagan, Hojai , Assam

NB. : In this edition only Madrasa's names are being mentioned who participated in the Annual Examination 2019 AD 1440 Hijri, held by this All Assam Tanzim Madaris Qaumiya.
